Dear Mr. Hammes,

This is to acknowledge receipt of your Letter of Protest/Comments to the Public Service Commission of South Carolina. Your Letter of Protest/Comments will be placed in the Protest File of the Docket listed below and on the Commission's Website at www.psc.sc.gov.

- Docket No. 2017-370-E - Joint Application and Petition of South Carolina Electric & Gas Company and Dominion Energy, Incorporated for Review and Approval of a Proposed Business Combination between SCANA Corporation and Dominion Energy, Incorporated, as May Be Required, and for a Prudency Determination Regarding the Abandonment of the V.C. Summer Units 2 & 3 Project and Associated Customer Benefits and Cost Recovery Plans

A Protestant is an individual objecting on the ground of private or public interest to the approval of an Application, Petition, Motion or other matters which the Commission may have under consideration. A Protestant may offer sworn testimony but cannot cross-examine witnesses offered by other parties.

According to the Commission's Rules of Practice and Procedure, filing a Protest does not make you a Party of Record. A Protestant desiring to become an Intervenor (i.e., a Party of Record) in a proceeding before the Commission may file a Petition for Intervention within the time prescribed by the Commission.

1. What is your connection or interest in this case?*:
For example, are you a customer of the Company that is the subject of this

pending proceeding? (This section must be completed. Attach additional information if necessary.)

Ratepayer for SCE&G

2. Please give a concise statement of your protest.*:
(This section must be completed. Attach additional information if necessary.)

I do not support the merger of Dominion with SCana. I think the opinion last night

was united in saying that the merger should not go through, SCE&G/SCANA should file bankruptcy,

those responsible should have their bonuses taken back and stocks taken back and the ratepayers should be paid back the funding we paid already for the failed nuclear plant project.

Those responsible should be brought up on criminal charges. We need to start over and rebuild a utility providing clean energy solutions such as solar and wind power. Things need to be set up so this NEVER happens again. It is unacceptable to ask the ratepayers to pay another increase of \$20 a month for 20 years for a project which will never provide power.

3. Do you wish to make an appearance at a hearing in this proceeding, if scheduled, and offer sworn testimony?*:
I attended the public forum last night in Charleston, SC. I am entering my letter of protest here.
